RESOURCE CAPITAL PARTNERS closes second deal in The Netherlands with the purchase of a Holiday Inn Hotel in Eindhoven

The development company Albu Vastgoed has successfully sold its budget lifestyle hotel development at Eindhoven Airport, Flight Forum, to an institutional client of Resource Capital Partners (a european asset manager for French and Spanish institutional investors).

The hotel will open with 180 rooms in Q4 2019 and will be operated as a Holiday Inn Hotel on a 25 year lease.

Due to the growing number of visitors and the limited growth of hotel developments, hotel experts expect that room occupancy and rates will keep increasing in the years to come. This is positive for hotel turnover, which makes the hotel sector very appealing in the Netherlands.
